

Industry Speaker Series

As one of the largest employers in the area and a leader in our industry it is our responsibility to convene groups around a specific challenge to spark discussion and explore solutions.

The Lutheran Home Speaker Series is designed to provide knowledge and industry experts an opportunity to present to a wide range of thought-leaders facing today's business challenges. And for those leaders to learn and shift, share, and shape.

The Lutheran Home Foundation proudly announces a new partnership with the Jewish Home and Care Center Foundation in bringing the speaker series to a wider audience.
